Capo 4

Everything happens for a reason
F#(G) B(C) Db(D)
That's what my mother said to me
F#(G) B(C) Db(D)
But there's this cloud hanging over my world
F#(G) B(C) Db(D)
That keeps me soaked in agony
F#(G) B(C) Db(D)

So hold me in your arms
B(C) Db(D)
'cause I don't wanna be alone anymore
B(C) Db(D)

F#(G) F#(G) Db(D) B(C)

I try to believe what she tell me
F#(G) B(C) Db(D)
I face each new day with a smile
F#(G) B(C) Db(D)
But someone's always there to make me
F#(G) B(C) Db(D)
Cry before the day is through
F#(G) B(C) Db(D)

So hold me in your arms
B(C) Db(D)
'cause I don't wanna be alone anymore
B(C) Db(D)

Maybe someday everything gonna make sense
B(C) B(C) F#(G) Db(D)
Maybe I won't have to be high-strung and tense
B(C) B(C) F#(G) Db(D)
Feeling like I got something to prove
B(C) B(C) F#(G) Db(D)
To the ones that abuse me
B(C)
Tearing myself in two
Db(D) B(C) Db(D)

So I'm sorry if I'm inadequate
F#(G) B(C) Db(D)
Please just know that I done my best
F#(G) B(C) Db(D)
I don't try to hurt anybody
F#(G) B(C) Db(D)
'Cause I know that life is hard enough
F#(G) B(C) Db(D)

So hold me in your arms
B(C) Db(D)
'cause I don't wanna be alone anymore
B(C) Db(D)

Everything happens for a reason
F#(G) B(C) Db(D)
That's what my mother said to me
F#(G) B(C) Db(D)
But there's this cloud hanging over my world
F#(G) B(C) Db(D)
That keeps me soaked in agony
F#(G) B(C) Db(D)

And it keeps me soaked in agony
F#(G) B(C) Db(D)
